

Applied Suicide Intervention Skills Training (ASIST)

LivingWorks ASIST is a two-day interactive workshop in suicide first-aid. ASIST teaches participants to recognise when someone may be at risk of suicide and work with them to create a plan that will support their immediate safety.

Although ASIST is widely used by healthcare providers, participants don't need any formal training to attend the workshop - ASIST can be learned and used by anyone.

Goals and Objectives

ASIST makes a difference. During the 2-day workshop participants will learn to:

Understand the ways personal and societal attitudes affect views on suicide and interventions

Provide guidance and suicide first-aid to a person at risk in ways that meet their individual needs

Identify the key elements of an effective suicide safety plan and the actions required to implement it

Appreciate the value of improving and integrating suicide prevention resources in the community at large

Recognise other important aspects of suicide prevention including life-promotion and self-care

2-Day Workshop

- WHEN:** 1-2 June 2023
8.45-4.30pm each day
- WHERE:** Wesley Mission Taree
75 Manning Street, Taree
- COST:** \$0
- CATERED:** When booking, you will be asked for dietary considerations
- BOOK:** [HERE](#)
- ENQUIRE:** Grant Wallbridge
grant.wallbridge@lifeline.org.au

This workshop is for members of the Taree and surrounds communities, fully funded by The Australian Government

If you have lost someone to suicide in the last year or so, please speak with one of our training team before participating in this program. We recommend that you delay your participation although we do appreciate that everyone grieves differently.
